

# IT'S A CLEAN SWEEP WITH SWIMS!

AN APEX COMPANY

Working on a new construction project is exciting, but generating dust and debris is not. Dust, debris, dirt, and litter can have a detrimental impact on local air and water quality. All construction sites disturbing more than one acre are required by California's Construction General Permit to develop a Storm Water Pollution Prevention Plan (SWPPP) that addresses erosion and pollution control.

Our modern fleet of street sweepers and professionally trained staff will keep your job site safe and looking great.

Our specialties:

- ✓ Construction and Concrete production sites
- ✓ Distribution centers
- ✓ HOA-managed communities

## HOW TO GET STARTED

### SCHEDULE A CONSULTATION

No-cost consultation with one of our project managers.

### RECEIVE A QUOTE

Review our no-obligation proposal for street sweeping.

### ENJOY A CLEAN PROPERTY!

Finalize your street sweeping schedule and sit back!
